

We will be doing a VERSO release on **Tuesday, February 20, 2024, beginning a little after 7:00pm Pacific (10:00pm Eastern)**. Downtime is usually about 15 minutes but may be longer if issues come up.

RESOLVED

AG-2926	 The Collection Development report has been updated to resolve issues found. The query for the count of library items added, edited, and deleted has been updated to ensure data accuracy.
AG-2957	 The Zero Circulation Spending Report has been updated to resolve issues found. The title of the report has been updated to "Zero Circulation Purchasing by Material Type" for intuitiveness. The description was updated to reflect the report's intent. The interval selection has been updated to reflect the intended logic. From "Last 2 months" to "2 Months Ago" The dollar has been formatted to 2 decimal values.

IMPROVED

AG-2985 - The Item Exceptions (Status) report has been enhanced.

- We have updated the title to "Database Statistics by Item Exception (Status)."
- We have corrected the query to ensure data accuracy.

Database Statistics by Item Exception (Status) This report provides a snapshot of the library's catalog based on the item's exception (status). This report is intended to provide insight into the volume and performance of the library's catalog.									
		Item Exception	90.3%	 Available Patron Lost Other 					
	#	Item Status	# of Items	% of Total

AG-2483 - Children's Literature Comprehensive Database (CLCD) full record enhancements for libraries that subscribe to CLCD enriched content and Kids Cat

Auto-Graphics, Inc. is partnering with Children's Literature Comprehensive Database (CLCD) to provide enhanced catalog enrichments. This release includes enhancements to the full record display for records in Kids Cat.

Once CLCD enriched content is enabled, libraries have the option to enable the Children's Comprehensive Literature Database section on the full record display in **UX Admin** > **Search and Results** > **Full Record** for patrons and/or staff. After CLCD is enabled to display on full records, the "Children's Literature Database" section will display on full records in <u>both</u> "regular" Cat and Kids Cat.

The section includes Recommended Age, Lexile, Accelerated Reader, Reading Counts, Awards & Honors, Reviews, and "Books Like This" carousel for titles in your collection that are also found in CLCD's collection. Recommended Age, Lexile, Accelerated Reader, Reading Counts, and "Books Like This" carousel are interactive elements that allow users to click through to find related titles in your catalog to enhance discovery of juvenile and young adult materials.

If your library is interested in subscribing to CLCD catalog enrichments, please contact customer service.
